FY 2007-2008 UNIFIED BUDGET RECOMMENDATION

THE ALABAMA COMMISSION ON HIGHER EDUCATION

Unified Budget Recommendation By The Alabama Commission on Higher Education

As prescribed by Section 16-5-9(b) of the Code of Alabama, the Alabama Commission on Higher Education has evaluated the budgets submitted by the senior public institutions of higher education and by the Chancellor of the community and technical colleges. At the Commission meeting on February 6, 2007, the Commission reached two sets of higher education funding recommendations for Fiscal Year 2007-2008.

The first recommendation, identified as the FY 2007-2008 Alabama Commission on Higher Education (ACHE) Funding Standard, (column 2 of the Executive Summary table, pages A-5 & A-6) is a statement of the Commission's estimate of the basic financial requirements that should be provided to support the institutions and their programs if Alabama higher education is to provide regionally competitive education to its citizens. The second recommendation, identified as the FY 2007-2008 Recommendation, (column 8 of the Executive Summary table on page A-5 & column 7 on page A-6) provides an overall appropriation increase of twelve point eight-four percent (12.84%) from the Education Trust Fund (ETF) for public colleges and universities.

The Commission recommends a funding level of \$1,758,259,935 for all public colleges and universities. The recommendation is based on the following (2-5 not in order of priority):

1. That each institution receives its previous year's total appropriation as its base. (Pages A-5 & A-6 column 1).
2. PEEHIP rate increase (the state provided health insurance for two-year public institutions, JSU and Athens, only) and retirement rate increases (two and four-year institutions) (columns 3 & 5 on Page A-5 & columns 3 & 4 on Page A-6).
3. Fund rate increase for mandated PEEHIP retirees' health insurance rate for public senior institutions who do not participate in PEEHIP (all except Athens and JSU) (Page A-5 column 4).

Athens State University and Jacksonville State University are the only two public senior instituting that participate in PEEHIP and are therefore not required to pay additional costs for their retirees.

4. Alabama A&M University's Extension - Urban Affairs & NonTraditional Land Grant Program receive an increase based on inflation as of the end of August (3.8%) (Page A-5 column 5).

5. All other new monies were to be distributed on the ACHE Standard Index (Column 6 on Page A-5 & Column 5 on Page A-6).

The Commission approved these recommendations by unanimous vote of members present at the February 6, 2007 meeting. The Commission members believe that this recommendation reflects the best compromise possible between documented needs, as outlined in the ACHE Funding Standard, and the anticipated level of available revenues.

Alabama Commission on Higher Education (ACHE) Funding Standard

The ACHE Funding Standard (page A-9) is based on the following (see Section C for a more detailed explanation of the ACHE Funding Standard):

- (1) The institutional Academic Programs, or "O&M," amounts are the products of the Commission's funding formulas for academic programs;
- (2) Facilities renewal needs are based on the Commission's formula for estimating facilities renewal allowances and backlogs;
- (3) Research and Public Service "line items" have been carried forward using an allocation scheme based on instructional formulas;
- (4) Necessary funds legally required to provide the employer's matching share of FICA and TRSA are included at levels expended the previous year.

Modified Funding Recommendations

Historic difficulties in proposing a Unified Budget Recommendation for higher education in Alabama are magnified by the necessity to complete the recommendation process before firm projections are made of ETF revenues and problems in resolving the gap between institutional needs and available state resources. Once again, the Commission has struggled to provide a viable recommendation within the confines of expected ETF revenues.

Facilities Renewal costs are included as a sum of the educational activities generating the need. Each institution's recommendation includes an allocation based on the Facilities Renewal Formula applied to inventoried space. The Commission continues to endorse treatment of major capital needs for the institutions via processes ancillary to the regular appropriations bill. This year the Commission also endorsed passage of a billion dollar bond issue to the Governor and the Legislature for the capital needs of K-12 and Higher Education

and further endorsed that forty percent of the bond issue funds be distributed to Higher Education and sixty percent to K-12.

The Commission also includes recommendations for other lines not directly associated with a public college or university (Pages A-7 & A-8). These recommendations increase the total FY 2007-2008 recommendation by an additional \$51,917,820. This brings the total increase in funds needed to \$251,998,820 or an increase of fifteen percent (15.00%). The total amount recommended for higher education from the Education Trust Fund is \$1,932,506,406.

Some statewide programs that benefit all of public higher education and all citizens of the State are recommended at above average increases. These include the Alabama Student Assistance Program, Articulation Program, EPSCoR, the Network of Alabama Academic Libraries (NAAL), the Alabama Student Assistance Program, the Marine Environmental Science Consortium/Dauphin Island Sealab, and the Alabama Agricultural Land Grant Alliance.

The Commission also asked for funds for two new lines for FY 2007-2008, a PK-20 Initiative and the Alabama Consolidated Research Consortium and Technology Initiative (ACRITE). The Commission requests \$1,500,000 for the PK-20 initiative. These funds would be used to improve early learning opportunities, expand access to college and/or employment by modifying delivery options, creating recognizable benchmarks for success with clearly defined competencies to ensure positive outcomes; thus, reducing the need for continuing remediation and addressing drop-out and accountability issues.

ACRITE is designed to promote technology-based research and economic development; to encourage research collaboration and innovation between higher education institutions, other state entities, and business; to promote workforce development; and to leverage State funding with investments from the Federal government and private industry. The Commission requests \$50,000,000 for ACRITE.

Special Circumstances of this Unified Budget Recommendation

It is important to note that the Commission on Higher Education continues to seek a balance between legitimate institutional needs, as reflected in the construction of the ACHE standard, and the historic gap in actual appropriations. If Higher Education receives a fair share of revenues and if the political leadership uses the recommended approach for distribution

among institutions, convergence of relative needs and appropriations will occur. That goal is termed Equity in funding.

The Commission believes that the distribution incorporated in this Unified Budget Recommendation is one of many required steps to improve higher education funding in Alabama.
